### CITY & GUILDS 2393-10

Certificate In The Building Regulations For Electrical Installations In Dwellings

### COURSE OVERVIEW

This Qualification is designed to enable practising electricians, operating in the domestic environment, to gain an understanding of how electrical installations in dwelling must comply with all relevant building regulations i.e. (Part P).

It is suitable for those working in the building trades and others who require a working knowledge of how electrical installations in dwellings can effect building construction.

This could benefit builders to ensure their projects, such as extension and loft conversions, meet the requirements of building control and onsite inspection by the DNO.
